REPORTED STRIKE OF MINERS IS AT AN END

Labor Won Victory, According to Rumor
Circulated on High Authority This Af-
ternoon. Cabinet Still Meets.

(International News Service)
LONDON, Oct. 25.—It was report-
ed on high authority this afternoon
that the great British coal strike had
been settled. According to this re-
port the miners have won a victory,
but the conferences between the rep-
resentatives of the federation of miners
and the cabinet to give the situation
the appearance of a strong battle and
compromise.

Informal conferences between Pre-
mier Lloyd George and officials of
the striking coal miners, which were
begun on Sunday, were continued to-
day.

A more hopeful view that the na-
tional coal strike would be settled and
that the threatened national strike of
railroad employees and dock workers
would be definitely averted was held
in government circles.

According to The Daily Express,
the government proposes to grant the
federation of miners its demand for
a wage increase of two shillings (nor-
mally 48 cents) per shift and the
"conversations" today centered upon a
formula which would secure in-
creased output of coal. The emergency
powers bill, reviving certain clauses
of the defense of the realm act, to
meet the dangers of a general strike
of miners, railroad miners and trans-
port workers, was on the house of
commons schedule for debate and pas-
sage this afternoon.

MOULTON BOY IS KILLED AT U. OF A.

Edwin Guy Aldridge, of Moulton, a
first year student at the University of
Alabama, was accidentally killed Sun-
day afternoon while cleaning an old

at dinner. Aldridge had returned to
the school only a short time before
the accident.

The body was brought here last
night and was taken to the family
home, in the Penn Hook neighborhood
today. The body was accompanied by
Emmett Perry, another Moulton stu-
dent at the University. The deceased
was a member of the medical class.

He served in the Navy during the
World war on the U. S. S. South Caro-
lina. He has just returned to the
University from Atlanta when the ac-
cident occurred.

Funeral services will be conducted
from the residence Tuesday morning
at ten o'clock, Rev. H. Hill officiating.
The deceased is survived by his fa-
ther, Thomas J. Aldridge, three broth-
ers, James S., John T., Walter N.
Aldridge, four sisters, Bertha C. and

PRESIDENT ASKED TO INTERVENE IN ALA. COAL STRIKE

(International News Service)
WASHINGTON, Oct. 25.—President
Wilson today was appealed to by John
L. Lewis, president of the United
Mine Workers of America, to inter-
vene in the labor troubles in the Ala-
bama coal fields. Lewis asked the
president to direct the department of
justice to enforce the laws of Ala-
bama to give ample opportunity for
collective bargaining and to protect
the principle of collective bargain-
ing.

No action has been taken by the
president, it is said.

HARDING BEGINS HIS FINAL DRIVE

(International News Service)
MARION, O., Oct. 25.—Senator
Warren G. Harding entered today the
final week of his campaign with his
labor practically finished. While his
Democratic opponent, Governor Cox
is busily campaigning, Senator Hard-
ing remains quietly here at Marion
until Wednesday, when he begins the
final four day's contest for Ohio. The
speeches which the Senator will de-
liver at Cleveland, Akron, Cincinnati
and Columbus are nearly finished.
Present indications are Senator
Harding will resume his seat in the
senate after opening of congress early
in December, regardless of whether
he is elected or not.

VOTERS OF MORGAN CAST FOUR BALLOTS

Voters of Morgan County will vote
four ballots on November 2. The
first is the ticket containing the party
nominations, from president down; the
second is the ballot in the special elec-
tion to name a successor to the late
Senator John H. Bankhead, the third
is the ballot containing the three pro-
posed amendments to the state con-
stitution; the fourth will decide the
fate of the proposed \$440,000 good
roads bond issue for Morgan County.
The special election on the bond is-
sue was called for November 2 in
order that the county might be saved
the expense of a separate election.

A STATEMENT

It was back to ye olden times in The Daily office today. Instead of
the ordinary whine of the linotype machines, the office "turned to" at the
hand cases early this morning in order that The Daily might maintain
its unbroken record of never having missed a publication date.

The supply of gas, with which the metal in the linotypes is heated,
failed Sunday and Monday dawned with the Twin Cities still without
gas service. According to Manager Beauchamp, of the Alabama Power
company, broken connections in South Albany was the cause of the
trouble.

"Believing that the trouble might be in our plant, we worked all day
Sunday attempting to locate it. We blew out all of our lines there, but
about 9 o'clock Sunday night, after we had started pumping gas into
the lines, were informed by phone that there was a leakage on Fifth av-
enue, South. We found our trouble there. Someone had broken connec-
tions. We immediately went to work to repair the damage and restore
service," Manager Beauchamp said.

The Daily apologizes for the edition put into the hands of its readers
today.

PROFITS ON COAL IS FIXED BY STATE ADMINISTRATOR

(International News Service)
MONTGOMERY, Ala., Oct. 25.—
Fuel Administrator Harwell Davis
yesterday issued orders where-
by the profits of retail coal
dealers in Montgomery, Birmingham
and Mobile will not exceed \$3.60 per
ton, for unloading and distribution,
the same maximum profit applies. In
counties containing cities of more
than 6500 but not over 20,000, the
maximum profit is \$3.30 per ton. In
all other counties \$3.00.
The reason for different prices, is
based on population and conditions in
the various districts after a most
careful study by the administrator.

COX JUBILANT OVER PROSPECTS

(International News Service)
HINTON, W. Va., Oct. 25.—Jubi-
lant over reports received from
Chairman White and Ed H. Moore,
Governor James M. Cox started today
on his drive through West Virginia,
Ohio and Indiana, confident that his
latest and most definite statement of
position with regard to Article Ten
of the League of Nations, will prove
his most useful weapon in the "mop
up work" he proposes to do during the
week remaining before election.
Though Governor Cox insists there
is nothing in the proposed reserva-
tion in Article Ten enunciated at Ma-
dison Square Garden, which he has
not previously implied before, his ad-
visers insist that it is the clearest,
most convincing and most compre-
hensive definition he has yet made on
the subject and will hammer at it
until his campaign ends in Toledo
one week from today. The position
pledges Governor Cox to accept any
reservation stating that the United
States assumes no obligations to use
its military or naval forces to defend
or assist any other member of the
league, unless approved and author-
ized by Congress.

Coal Price Drop Now Expected

CHURCH OBSERVES 5TH ANNIVERSARY OF THE PASTORATE OF REV. STUCKEY

Extensive Program by Member-
ship is Rendered Prior to
the Sermon.

PLAYLET TO BE GIVEN
BY THE YOUNG PEOPLE

Financial Report of Officers
Shows Encouraging Results
for the Church.

A largely attended anni-
versary meeting was held at
the First Baptist church of
Albany yesterday morning,
commemorative of the five
years' service to that church
of Rev. R. F. Stuckey, the
present pastor. An exten-
sive program, on which a
number of members of this
church appeared, preceded
the regular sermon of Rev.
Stuckey. It appeared that
in the last five years this
church had raised and spent
for all purposes, \$19,474.67
an increase of about 200
per cent over the money
raised for church purposes
during the five years prior
to the coming of Pastor
Stuckey.

The membership also
showed a large increase, 149
new members were reported.
The certainty of a handsome
new church building a few
years ago was one of the ac-
complishments of Rev. Stuc-
key's pastorate, and unlike
most pastors who build new
churches, it was pointed out
that Mr. Stuckey had not
resigned upon completion of
the work. The financial re-
port was most encouraging,
showing that all claims had
been promptly paid, as had
also the pastor's salary,
which had been met in ex-
actly 60 payments in the
last five years.

Interesting Program Rendered

The following program was
rendered prior to the ser-
mon: Song by congregation;
prayer, S. E. Dutton; Song by
Sunbeam band; Talk on mis-
sion of the Sunbeam Band,
by Cora Field; Prayer for the
Sunbeams band, by L. E.
Toon; Special song, "He
Walks with Me," by Misses
Nellie Dutton and Trueman
Stuckey; Talk on Work of
the B. Y. P. U. by R. L.
Pierce; Talk on Work of the
W. M. U. by Mrs. W. A. Cra-
mer; Prayer by M. M. U. by
Rev. R. F. Stuckey; Quartet,
by Messrs Herman E. Spark-
man, Walter McCall, R. D.
Pierce and Earnest Hawkins.
The sermon of Rev. Stuckey
followed this program.

For tonight, the young peo-
ple's society of the church will
hold a special meeting, a feature
of which will be a church drama,
entitled: "The Spirit of Mis-
sions."

**THE DICTATOR THE GERMANS
SENT FROM SWITZERLAND**
For tyranny, naked and unashamed, the dictatorship of the proletariat in Russia stands without a parallel in modern or ancient times. At first this Bolshevik regime began by excluding from voting rights all so called "Czarists," and a side issue destroyed the Czar, his wife and children by means of a firing squad.
Next the well to do classes called "bourgeois" were forbidden to participate in government. Later the liberals—those who believed in "live and let live" were disfranchised. And finally all Socialists who did not see as did Lenin and Trotsky were "ex-communicated" so to speak. The Roman tyrant Caligula made a consul out of his horse; Lenin may be expected to do something equally ridiculous and tyrannical. Is it any wonder that Eugene V. Debs should have given utterance to the following, considering the autocratic attitude of the Bolshevik leaders:
"The Moscow program wants to commit us to a program of armed insurrection; the Moscow Comrades have arrogated to themselves the right to dictate tactics, the program, the very conditions of propaganda in all countries. It is ridiculous arbitrary, autocratic, as ridiculous as if we were to dictate to them how they should carry on their propaganda."
The farming classes may be interested in the following conversation of Lenin with H. L. Guest, the English Trade Unionist, who visited Moscow as an official representative: "We do not admit free trade in corn (bread grain); the peasant is bound to give corn for paper. If the peasant resists we send armed workers to the villages."
The report of Mr. Guest's records that Lenin had no shame because of his tyrannical actions toward the farming classes and says that he laughed as he boasted that the paper money exchanged for corn, cost nothing but the expense of printing it. However satanic his philosophy or brutish his practices, there is at least a frankness about Lenin that is refreshing.

COX MAKING GREAT FIGHT
Governor James M. Cox, Democratic nominee for president, is making one of the gamiest fights for that high office in the history of the nation. With a campaign fund of the slenderest proportions he is fighting the great money power backed by special privilege and entrenched interests with a vigor and aggressiveness particularly thrilling to behold.
The splendid courage of Governor Cox, the matchless vigor with which he attacks his opponents, the ability with which he drives them from point to point has challenged the admiration not only of the people at large but of some of the oldest and most astute politicians.
So far as Harding is concerned, he makes no pretense of answering his opponent; he merely stalks around in pompous dignity and relies on the money power and the Wilson haters to elect him. But Cox with a genius and virility perhaps never matched in American politics, is camping on his trail, fighting not only his stupid opponent but the whole heinous lot of straddlers, South-haters and money-grabbers, in a way that has even pierced their thick hides and made them wince.
The governor of Ohio reminds us of an armored knight of old with lance in one hand and battle axe in the other as he rushes into the ranks of his foes and strikes them right and left. Governor Cox has all the better of the argument, but his opponents have the money and perhaps the most thoroughly-organized machine in the history of the country.
It is against such odds as these that Governor Cox is fighting what we believe will be a winning fight. For the American people as a whole admire such dashing courage and they endorse the evidently sincere purpose of the Democratic candidate to do that which is best for the people. Governor Cox furnishes facts and arguments while Harding and his managers do nothing but straddle, and evade and fence.
With all his passionate earnestness and a virile mentality, Governor Cox has taken his case to the American people. He has shown them the insincerity of the Republican leaders on the League of Nations. He has pointed out the gross inconsistency of the position, and he has made it perfectly plain that their attitude on that paramount issue is wavering uncertain, and unsafe.
The position of the Democratic candidate is perfectly clear, while that of his opponent is UNKNOWN. This is the real situation. This is the condition that now confronts the American people. What will they do?—Rome Tribune.

INSPIRATION
There is inspiration for the youth who is forced to begin his work in the world in an humble way in the elevation of R. E. Simpson to the position of general manager of the Southern Railway lines in the east. Mr. Simpson, in 1888, at the age of 12, carried water for section gangs on the Southern, probably the lowest grade of work that could have been done by him. His start literally was at the bottom.
For a boy to rise from a water carrier to section hands in 32 years, to the position of general manager of the most important division of one of the nation's greatest railway systems, is evidence that if a youth has ability and determination; sticks to his work and strives to rise, there is no limit to the progress he can make. It is with rail-roading as with every other line of human endeavor—those who try and who will win, are the ones who do win. There are thousands of boys who hold no higher position now than Mr. Simpson did in 1888, and unfortunately many of them will continue to work in humble and unremunerative lines, but those among them who really try and who set their goal for a high mark will reach that mark if they persevere and keep on trying. Every boy cannot be president, but every boy who tries can be something higher and better than the boys who do not try.—Anniston Star.

Amusements
"EVERYWOMAN," MADE INTO GREAT MOTION PICTURE, IS COMING PRINCESS MONDAY
The famous morality play, "Everywoman," has been made into a motion picture and will be shown at the Princess Theatre for the entire week beginning Monday next. The story is declared to have been filmed on an extremely lavish scale and to abound in beautiful settings, lovely women attired in handsome gowns, and spectacular effects. Against this extravagant background, Walter Browne's celebrated allegory of life and its temptations is acted by an extraordinary cast of players. The role of Everywoman is played by Violet Heming, a beautiful actress well known on the stage and the screen. Monte Blue has the part of Love, Wanda Hawley is Beauty, and Theodore Roberts is Wealth. Others in the company include Margaret Loomis, Mildred Reardon, Bebe Daniels, Irving Cummings, Raymond Hatton, Noah Beery, Charles Ogle, and Tully Marshall. The picture was directed by George H. Melford and is released as a Paramount-Artcraft photoplay.

HOW DOCTORS TREAT COLDS AND THE FLU
First Step in Treatment is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe—and Sure.
Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablet called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.
—One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

**BOWLING SEASON OPENS,

(International News Service.)
DELAWARE, Ohio, Oct. 23.—Iodine thumbs are in order here.
It's a popular treatment—for bowlers.
The iodine, it is said, relieves the soreness from those smarting, tender thumbs just beginning to harden to the strenuous activity incident to the ten-pin season.

Elderly People Need This In Medicine Chest
To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.
NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.
Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.
A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, colds, loss of appetite and sleep, heaviness and a general dull feeling.
Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

TRY IT FREE
Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Every body now and then needs a laxative, and it is well to know the best. Write me today.

Prominent Georgia Lady Suffered from Faint Spells and Sleeplessness—Relieved by Ziron.

PEOPLE who get to feeling weak every now and then, and who do not seem to get the proper refreshment from rest, sleep and recreation, need a tonic to help their blood revitalize and build up their system.

"I heard of Ziron, and felt maybe a tonic would help me. I thought it would at least strengthen me.

"I believe Ziron has done me good. I feel better. I am glad to recommend it as a good tonic."

"EVERYWOMAN"

by A. H. S.

Everywoman, thy beauty, youth and modesty
Are attributes that nothing can replace
Once flown—and when time's hand shall trace
Upon the cameo-clearness of thy face
Shadows of evil—e'en the constancy
Of those who love thee truly, cannot stand
Against the loss of all that gave thee grace.

Pause, Everywoman, on the brink of tragedy;
Place all thy trust in truth whose charity
Shall lead thee thru the labyrinth unto love,
Ending thy quest at last; and in the sacred grove
Where happiness and hope majestically move,
To the soft and dulcet cooing of the dove—
Thy heart shall find its own in rhapsody;

Akin to the soft music of the spheres
Thru all the coming years.

SHOWS ADVANCE

SETTLEMENT OF STRIKE IN BRITAIN REFLECTED IN USE THIS MORNING

(International News Service)
NEW YORK, Oct. 25.—The cotton market opened rather firm today at an advance of 10 to 47 points, mainly on good buying at Liverpool which was taken as a reflection of improved prospect for settlement of the British strike of coal miners. Covering by local shorts was also on a liberal scale and there was considerable new purchasing through commission houses on heavy rain in the central and western belt on Sunday. New Orleans was a leading seller on the rise.

At the end of the first 20 minutes offerings had increased materially and the market was off about 15 to 20 points of the highest level of the initial call.

Cotton Report

WASHINGTON, Oct. 25.—Census reports shows cotton ginned to October 13, from the crops of 1920 and 1919 respectively total running bales counting round as half bales, 5,712,057 and 4,929,194.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonsful with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

"LANGUID"—THAT'S THE WORD

Not Sick Exactly, Just Seem To Have No Ambition

An Awful Feeling Seldom Necessary

Pepto-Mangan, The Red Blood Builder, Does Away with Languor

If you don't feel like doing things, you won't. If you wonder where some people get all their energy, the answer is from good food which in turn makes rich, red blood.

If your food does not give the nourishment and vigor it should, it is most likely that your blood is so weak that it needs a little extra help for a time to build it up to normal strength.

Thousands of men and women have been restored to vigorous health and lasting happiness by Gude's Pepto-Mangan. This beneficial blood tonic contains the very properties so vitally needed to improve the blood. Pepto-Mangan, if taken for a few weeks, will enrich the blood and create thousands of the tiny red blood cells that are so necessary to carry nourishment and strength to every part of the body.

Be sure to ask your druggist for "Gude's" when you order Pepto-Mangan. For convenience it is prepared in liquid and tablet form, both possessing exactly the same medicinal properties. "Gude's" is the genuine Pepto-Mangan. Look for the name "Gude's" on the package.—Adv.

Dentists Say Tooth Pastes Like Sand-Paper

Find That Daily Use of Tooth Paste Wears Away Enamel and Leaves Teeth Sensitive to Decay.

Popular confidence in tooth pastes will be somewhat shaken by the results of recent experiments conducted by well known dental authorities, who find that the action of tooth paste on the teeth is not unlike that of sand-paper.

Dr. F. D. Miller, writing in the Dental Cosmos, makes this startling disclosure:

"With some of the much extolled preparations on the market, it is quite easy by applying the brush to cut the tooth half through, exposing the pulp inside of two hours."

Tooth pastes, it was found, more often cause decay than prevent it. The grit contained in pastes gradually wears away the enamel. The inner part of the tooth, which is comparatively soft, is thus exposed and decay quickly sets in. This seems to explain why people who are most careful of their teeth often have to pay the biggest dentists' bills.

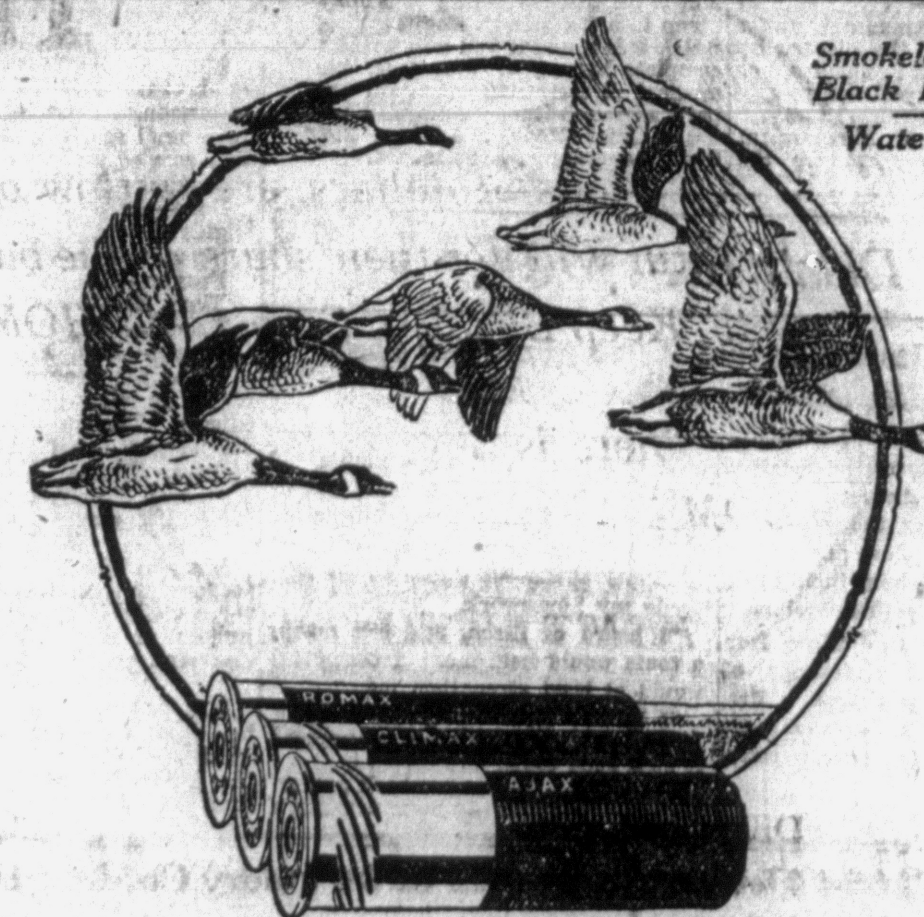

Another serious fault with tooth paste, it was pointed out, is that due to its coarse nature it cannot penetrate into the microscopic crevices in the teeth. Germs, which start decay and infection, are thus allowed to breed and these later lead to a variety of more dangerous diseases in the system.

Leading dental hygienists, however, seem to have found a successful remedy for the tooth-paste evil. This remedy developed after considerable research, is in the form of a remarkable liquid sterilizing solution called Steroline. This not only reaches the most inaccessible crevices, but sterilizes the mouth, gums and throat, and sweetens the breath.

Used night and morning as a mouth wash and dentifrice it will be found of immediate relief to those suffering from tender and bleeding gums. It leaves the mouth cool and sweet, and is a real protection against the many serious diseases contracted through the mouth.

Steroline is now sold by all leading druggists, and is recommended by the foremost dental surgeons. It is sold on a guarantee—if you are not perfectly satisfied simply return the cardboard box to your druggist and your money will be cheerfully refunded. Get a bottle today.

Keep Business Going

"Keep Business Going"—A slogan that every man, woman and child should bear in mind.

"Keep Business Going"—A slogan for the laborer, the banker, the farmer, the manufacturer—for every man who desires to see prosperity.

"KEEP BUSINESS GOING"

A task well worth the constant effort of every true and loyal citizen.

And, to "Keep Business Going," each person must continue his usual work, must supply his usual needs and make his usual purchases, for the minute industry slackens, business dies, and prosperity will desert us.

Economy, wisely exercised, is necessary, but a ruthless cessation of all purchasing, a lowering of the standard of living, a weakening of the defensive forces of the human anatomy through the use of less nourishing food—this is not economy.

This Is Waste Of The Most Hurtful Kind

Billions of dollars are to flow out over the United States in the next twelve months. Albany and Decatur will get their share of the business that such a vast sum will produce and, if Albany and Decatur will "Keep Business Going" AT HOME, each of us will get his share of prosperity.

There is now, more than ever before, every incentive and obligation to "Keep Business Going" AT HOME.

CHEATS BLIND MAN, GETS STIFF SENTENCE

(International News Service)
AMERICUS, Ga., Oct. 23.—Twelve months on the chain gang was given Henry Otis, alias Overall Charlie, negro, in the City Court of Americus for having passed a worthless piece of newspaper on Sumter's blind corgier for a \$1 bill.
Coroner Jenkins, on the stand, readily identified the paper given to him by the negro after passing it between his fingers.
Attorney Robert C. Lane, who defended Otis, attempted to confuse the blind Coroner by handing him other pieces of paper, but each of these was quickly rejected as not being the right paper.

EVENING NEWS, BRIDGETON, N. J.

It was a most meritorious concert at the Criterion Theatre Monday night given by Pauline Du Clos.

Her playing was bright, novel, and thoroughly good, and in many respects remarkable, varying from the most brilliant and difficult passages to beautiful melodies that were deliciously sweet and dreamy.

At the close of both the first and second parts of the program there was a determined effort to bring the artist back, to which she gracefully and smilingly responded with very unique little novelty numbers which completely captivated the audience.

POST-INTELLIGENCER, SEATTLE, WASH.

The program given by Pauline Du Clos is best described as a miniature symphony concert.

So great in volume was some of her playing that it resembled a whole symphony orchestra, yet losing none of the beauty of tone so distinctive of that most fascinating of instruments, the harp.

There was such versatility in her style of playing that each number seemed to introduce something new, so that during the entire performance there was never a dull moment.

This is the first of a series of concerts to be given by Miss Du Clos on the Coast, and we predict for her a successful tour, as she well deserves the reputation she has of being one of the greatest harpists in America.
